Germans Check French Advance at Arras But Allies Win at Other Points on Line

All Germans Driven From Left of Meuse, Says French Report

Allies Make Steady Progress North of the Somme—Violent Counter Attacks by Germans Breaking Under Dogged Front of the French and British—Antwerp Successfully Withstanding Attack, Thousands of Germans Being Slain by Machine Guns of Defenders.

Paris, October 2.—(11:03 p. m.)—The following official communication was issued tonight:

“First—On our left wing one of our detachments which came out of Arras (a fortified town and capital of the department Pas de Calais) has fallen back a little toward the east and north of that city.

“North of the Somme we have made progress in front of Albert. Between Roye and Lassigny the enemy has directed violent attacks, which have broken against our resistance.

“Second—Quiet prevails along the rest of the front. It is reported that in the neighborhood of St. Mihiel (department of Meuse, twenty miles southeast of Verdun), there remains no enemy on the left bank of the Meuse.”

An official statement issued by the war office this afternoon says that terrific fighting continues incessantly near Roye, where the Germans have been strongly reinforced.

The statement says:

“On our left wing the battle continues with terrific fighting, notably in the region of Roye, where the Germans appear to have concentrated important reinforcements. The action extends more and more toward the north.

“The front of the battle line is now extended into the region to the south of Arras.

“Upon the Meuse the Germans attempted at night to throw a bridge across the river near St. Mihiel. The bridge was destroyed by our guns.

“In the Woëvre district our offensive continues and progresses step by step, notably in the region between Apremont and St. Mihiel.

“On the remainder of the front there have been attempted only partial operations here and there.”

Three Weeks of Fighting Result in No Decision On Battlefield of Aisne

London, October 2.—(9:50 p. m.)—The battle of the Aisne, as it still is called, although the armies contending in it have spread far beyond that river, has been in progress just three weeks and no decision has been reached. Reports from Paris earlier in the week that the allies' operations were about to succeed, were premature. From all appearances there must be more hard fighting before either side gives way. The heaviest blows are being given and taken in the western area where, according to today's French official communications, an extremely violent battle continues, especially in the Roye district, where the Germans have concentrated considerable forces. The communication added that the action was extending more and more northward, and that the fighting front now extended north of Arras.

Private telegrams received in London tonight announce that the French actually have reached Arras. Stubborn resistance is being offered by the Germans in the vicinity of Roye, where earlier in the week they occupied heights which they later were forced to abandon.

Frontal Attacks Close.

Along the front from the Oise to the Meuse rivers, according to the French report, only partial operations have been attempted by either side. Frontal attacks by the allies, as a matter of fact, have been discontinued, while the Germans are fighting for ascendancy. On the allies' right the Germans have made another attempt to cross the Meuse at St. Mihiel, where they got across last week. The German attack to regain this ground which they had

RUSSIANS CAPTURE PRZENYSŁ FORTS

Austrian Stronghold Is Attacked on All Sides—30,000 Germans Killed or Wounded and 20,000 Captured.

London, October 2.—(12:05 a. m.)—Reuter's Rome correspondent says news received in the Italian capital from Russian headquarters declares that the Germans have suffered a terrible defeat in the provinces of Lodz and Suwalki, Russian Poland.

“The Germans,” the communication says, “were attacked with extreme violence and compelled to flee from Suwalki, Ostrowiec and other towns, leaving behind great quantities of transports and guns. Their troops threw away rifles and baggage. Numerous cannons were abandoned.

Telegrams from Petrograd, the Central News correspondent at Rome says, declare that the Germans have lost 30,000 men in killed or wounded and 20,000 taken prisoners.

DUPONT POWDER COMPANY NOW SPENDING \$450,000 IN THE COTTON CAMPAIGN

AUTOMOBILE MAKERS ARE BOOSTING COTTON

Enthusiastic Report Made at Meeting of Atlanta Association—Many Concerns Buy Bales of Cotton.

Wilmington, Del. October 2.—(Special.)—The Dupont Powder company, which has its headquarters here, today gave the cotton movement a big boost when it was announced that the concern has bought outright cotton to the amount of \$325,000. Announcement was also made that the company will accept from its southern trade, warehouse certificates to the value of \$125,000 additional for cotton, at the rate of 10 cents per pound.

This purchase of a total of \$450,000 is the largest buy reported since the movement was inaugurated. It will help the cotton situation materially. The Dupont company is being aided in the underwriting by its representatives generally throughout the south and southwest.

BOUGHT TEN BALES.

The cotton was bought throughout ten southern states, namely, North Carolina, South Carolina, Georgia, Florida, Alabama, Texas, Mississippi, Louisiana, Oklahoma and Tennessee.

This cotton, which is purchased outright, will be stored in plants of the Dupont company and elsewhere until needed.

COUNCIL APPROVAL OF FINANCE SHEET EXPECTED MONDAY

Budget Adopted by Committee Provides \$11,812 for Abolishing Double Sessions in City Schools.

EDUCATION BOARD READY TO MAKE THE CHANGES

All Space Available in Public Schools Will Be Used. Rooms Will Be Leased Wherever Necessary.

In the hands of Mayor James G. Woodward and Atlanta's general council the October appropriation sheet was placed by the finance committee Friday morning, and whether or not Atlanta's public school system will get the \$11,812 appropriated for grammar and high school teachers, hinges on the action council will take when it meets Monday afternoon.

Without finding it necessary to recall any of the special street appropriations, the finance committee approved the tentative sheet over the protest of Mayor Woodward.

The only street improvement fund taken by the committee was \$4,000 from the West Mitchell paving and repaving appropriation made last January. The sheet was made to balance with \$13,700 unearned revenue from the tax and marketable office, to which Mayor Woodward objected.

With Headline Fund.
Councilman W. G. Humphrey, chairman of the committee, stated after adjournment that he was of the opinion that the 1915 finance committee will be able to give the West Mitchell street fund the \$4,000 taken from it to balance the sheet, and an additional amount to carry on the work until the June sheet is passed.

Mayor Woodward still declines to comment on the sheet, except to say that the finance committee reached too far in estimating that the tax revenue available for use during the last months of the year will be \$13,700.

“When I came into office two years ago the city was \$700,000 in debt,” commented the mayor, “and in my inaugural address I told the people of the city that I would wipe the slate clear of these debts and have a clean budget on the first of January.”

I have wiped out \$700,000, and all I asked the finance committee to do was to help me to get the city on a solid footing to begin the new year.

Mayor Woodward would not intimate what action he will take when the sheet reaches him for approval. Committee Will Adopt Sheet.
Members of council have not shown much interest in the sheet as prepared by the finance committee, and floor leaders say that there is not likely to be any view of the fact that the committee has not taken any of the funds passed in the June session for special improvements other than the West Mitchell money.

Members of the school board are going to ask Mayor Woodward not to return the sheet to the public schools for education have the benefit of the sheet as a guide in preparing the budget for the next year.

Immediate arrangements to abolish the “double sessions” in forty-three grades. Wherever it is possible, nature members of the board, the space available for use in the public schools will be utilized, and when necessary demands, the board will authorize Superintendent Slaton to lease rooms suitable for school purposes in school neighborhoods.

WILLIAM M. SMITH SAYS HE HAS FAITH MURDER MYSTERY WILL BE SOLVED

Asserts He Had Plans to Liberate Factory Superintendent, But Was Prevented by Conditions Which He Does Not Care to Discuss—Intimates He May Reveal Them Later.

ALL THAT IS NEEDED NOW IS CO-OPERATION OF OFFICERS, HE SAYS

Solicitor Dorsey Declares That He Has No Statement to Make on Development—Dan Lehon Says That He Had Known of Smith's New Opinion for Some Time.

That he not only believes Leo M. Frank innocent of the murder of Mary Phagan, but will seek to demonstrate his innocence, was the statement made last night by Attorney William M. Smith, counsel for the negro, Jim Conley, Smith's accuser and a convicted accessory after the crime.

The statement came when a reporter for The Constitution queried the attorney in regard to persistent rumors that Conley's counsel had experienced a change of opinion in the Frank case. Mr. Smith dictated his words over the telephone.

Mr. Smith also declared that he had previously sought to manifest Frank's innocence, but was unable to do so by conditions which handicapped him.

WILL SOLVE MYSTERY.

Smith states that, with the proper co-operation of officials, Frank will be freed, and that the mystery of Mary Phagan's murder will be solved. He also adds that he never has believed Frank to be a pervers, although Conley testified so repeatedly on the stand.

“I have never ceased to be a student of the case,” Smith's statement reads. “Practically all of my spare time has been devoted to a study of it. I have come definitely to the conclusion—or, at least, this is my personal judgment after much study—that Leo M. Frank is innocent, and that if a proper co-operation of officials can be secured, I have absolute faith that the mystery of the death of Mary Phagan will be solved to the satisfaction of every reasonable man in this community. I have never believed Frank to be a pervers.”

At the conclusion of his statement Mr. Smith was asked on what new facts he based his conclusion.

“I would rather not discuss that now,” was his reply.

“Do you intend trying to secure the freedom of Frank?” was another question.

PROGRESSIVES HOLDING CONVENTION IN MASON

Question of Separate Ballot Boxes Is Up to County

Considerable interest attaches to the convention by reason of the fact that candidates will be nominated to oppose Senator Hoke Smith, T. W. Hardwick, Congressman William Schley Howard and possibly candidates in other congressional districts, as well as candidates for the legislature from Euclid.

A. H. Uhm, executive secretary, will today send out the official blanks on which the returns are to be made. These blanks will contain the names of both C. W. McClure, of Atlanta, and J. L. Sibley, of Milledgeville, as opposing Senator Hoke Smith for the long term, and G. H. Hutchens, of Rome, as opposing T. W. Hardwick for the short term.

As to whether separate ballot boxes and separate ballots will be used in the coming election is a matter which will be decided by the county authorities of the various counties.

Leonard J. Grossman, president of the Georgia Men's League for Woman

Suffrage leaves for Macon this morning to look after the interests of the suffragists at the state convention of the progressive party which convenes today. He will attend the convention as the guest of C. W. McClure, the well-known Atlanta merchant, who is slated for the progressive nomination for United States senator.

A suffrage plank in the platform of all parties has been asked for in a bulletin issued by the Georgia Men's League for Woman Suffrage last night.

ENGLAND WILL COUNTER BY LAYING MINES ALSO

Official Bureau Announces Explosives Will Be Placed in Certain Areas.

London, October 2.—(4:40 p. m.)—The official information bureau announced today that the government had decided to lay mines in certain areas as a counter stroke to the German procedure.
An official information bureau statement says in part:
In order to reduce the risks to non-combatants the admiralty announces that it is dangerous hitherforward for ships to cross the area between latitude 51° 15' north and 51° 40' north and longitude 1° 15' east and 1° 45' east. In this connection it must be remembered that the southern limits of the German mine field is latitude 52° north. Although these limits are assigned to the danger area, it must not be supposed that navigation is safe in any part of the southern waters of the North sea.
Instructions have been issued to his majesty's ships to warn east-going vessels of the presence of this new mine field.

On September 17, the military government put into effect a plan for quelling all residents having German names in the United States to leave the city within twenty-four hours. The order was attended by a man business men who were told that they must leave the city because of the presence of the German spies.

Bordeaux, October 2.—(12:40 a. m.) GENERAL VON KLUCK'S SUPPLIES HAVE FAILED

London, October 2.—(2:10 a. m.)—A correspondent of the Central News at Calais, who has returned to that city from a tour in the vicinity of the lines left, says:
"While disclosing military secrets I can say that I have seen many things to remove any misgivings as to the outcome of the battle. The moment near when the curtain will be lifted on the greatest drama of the war."
"The position of the German right wing on Wednesday was such that a portion lying between Lens and Calais was in extreme danger. Above Calais the German lines, which a few days ago faced westward, are now facing northwest, and have been bent back on the line of Calais, Cambrai and Valenciennes. An order for German petrol was issued to the German army. The fate of the German army near due to shortage of horses. The men said that they had had nothing to eat for some days. They belonged to General von Kluck's command."
It has been apparent throughout that General von Kluck's right was made precarious by the crowding on him of reinforcements from the center and left by the German general. His communications failed. This might have been avoided if the Germans had been prepared to sacrifice their carefully selected position in the Noyon region, but they staked everything, holding that the peril of an envelopment was becoming more imminent daily."
